

Banks...

As a non-German domiciled bank, with interests in one or more distressed German companies, there will be a number of questions that you need answers to.

Are you sure that the collateral you were been granted by a German company has been assigned properly?

Do you know what will happen if the German subsidiary of your US-based debtor becomes insolvent?

Do you need collateral documents incorporating decades of experience in insolvency work?

Schultze & Braun has more than 20 years' experience working as administrators for courts and can answer all the questions you may have regarding the outcome of German insolvency procedures. Schultze & Braun can draft your documents, audit your collateral, evaluate the financial status of your debtor and, if there is potential for a settlement, represent you in dealings with the court-appointed administrator.
